Work Experience

Full Stack Web Developer

HIT IT WORLD

Aug 2023 – Nov-2023

- In the past 3 months, I worked as a Full Stack Developer using Vue.js for frontend development and Node.js for backend tasks. I managed user interfaces, built scalable backend services, and handled MongoDB for database operations. I collaborated closely with a senior developer ."

Career Conspectus

Enthusiastic fresher with 3 months of experience as a full-stack developer. Proficient in React.js, Node.js, and MongoDB. Dedicated to creating seamless user interfaces with React, building scalable backend solutions, and managing databases efficiently. Eager to contribute to dynamic projects, committed to continuous learning, and thrive in collaborative teamwork within the evolving web development landscape.
